Clerk verified posting. Motion made/second Mike M./Peter to accept the agenda. Carried.

Gather input from the public in regards to the proposed Anclam Park landscaping project and discuss/decide final approval and/or changes to the proposed Anclam Park landscaping project – Jim P. gave a history of the park and how we arrived at the point we're at. John Meredith then proceeded to go over his plan using a PowerPoint presentation. After the presentation, the audience was given the opportunity to ask questions and give their thoughts of the plan. Size/scale, budget, specific species of plants, and maintaining access for silent sports were all brought up, along with the type of material that will be used on the path on the jetty. An audio DVD is available in the Clerk's office for anyone wishing to listen to specific comments or questions. After input was gathered, it was decided that there will be another meeting to start revising the plan based on what was heard. The general feeling was that something should be done with the park. We intend to consider all of the input that we got as we continue on with the plan.

Discuss/decide approval of bulkhead line ordinance, if needed – Steve Parent was present and stated that until the plan is finalized, the ordinance shouldn't be decided on.

Motion made/second Barb/Peter to adjourn at 8:47PM. Carried.

These minutes are subject to correction at the next regular monthly Parks Committee and Town Board meetings.
