

Wastewater Meeting July 25th 2016

Paul Kordon called the regular monthly Wastewater Committee meeting to order at 6:00PM in the meeting room at the Town Hall. Present were Paul Kordon, Don Prust, Gary Nelson, Haley Adams and two visitors. Doug Smith was absent.

Deputy Clerk/Administrative Assistant verified posting. Motion made/second Paul/Jim to accept the agenda as posted. Carried.

Accept minutes-Motion made/second Jim/Paul to accept the minutes. Carried.

Citizen Input- None.

Consideration of SmartNet antenna hosting proposal- Don Prust was approached by SmartNet to place a surveying antenna onto the wastewater facility. The antenna would be very discreet in size and would in no way interfere with the structure of the facility, nor will it interfere with the internet connection. The Wastewater Department would receive \$750.00 per year for the use of the property. Motion made/second Jim/Paul to install SmartNet antenna. Carried.

Gary Nelson arrived at 6:10PM.

Consideration of handling grease traps- Don Prust explained the digester is experiencing some problems due to the inability to break down the large quantity of grease coming into the plant. This has the potential to disrupt the overall well-being of the plant's operations. Don has been in contact with Aquafix, who will be taking samples from the digester to verify the right solution to stabilize the breakdown of the grease. For the time being, the wastewater department will not be accepting any grease and will move forward with Aquafix. When and if the solution takes effect and the plant is running properly, they will accept grease again. Don will have updates on the status of the plant soon.

Update on Deer Crest Court- The committee reviewed the sewer design plan and inquired when the project would begin. Don reported the Town is waiting on a signed easement.

Update on wastewater hookup for 8053/8055 Ridges Road- Haley reported that Steve Parent had stopped in the office earlier that day, he mentioned he would be contacting Harbor Construction to confirm progress and completion by August 19th.

Don Prust- Wastewater Report- Don read his monthly report, highlighting the digester problem as well a radiator hose leak which could result in the need to purchase a new one. A copy is available upon request in the office.

Motion made/second Gary/Paul to adjourn at 6:51PM. Carried.

These minutes are subject to correction at the next regular monthly Town Board meeting.

Haley Adams, Town Administrative Assistant

Douglas Smith, Town Clerk/Administrator
